

Become a Founding Business Sponsor of

Norwin Alumni and Friends Association

A strong school district is a critical component to maintaining a strong community. And a strong community is a critical component to successful businesses. All three components, working together, are important to maintaining a vibrant community.

The Norwin Alumni and Friends Association (NAFA) is committed to supporting Norwin schools and students to assure it always remains a premier school district. But there will always come challenging times when politics, budgets and/or matters outside the control of community leaders may threaten to cause the reduction or elimination of educational programs. NAFA is working to become a support system for Norwin School District during such difficult times.

As a business owner, we hope you agree that working together to keep Norwin School District strong benefits the entire community and its businesses. Please consider becoming a sponsor of NAFA during this formation year. Businesses that become sponsors between now and December 31, 2015 will be designated as Founding Sponsors of NAFA. Years from now, when NAFA has become a critical support of Norwin's programs and students, you will feel a sense of satisfaction knowing you were there to get this organization off the ground.

To join, simply complete the form below and mail the form, along with your check, to the address noted in the bottom right corner. **TOGETHER WE CAN KEEP NORWIN STRONG!!**
